Introducing an Exciting New Partnership in Post-acute Care

- As post-acute care moves to value-based contracting, there is a need for more focused payer contracting strategies.
- Payment and care models are focused on quality outcomes.
- Organizations are searching for ways to drive quality, satisfaction and cost management.

LeadingAge PA has affiliated with Kairos Health Systems to bring innovative solutions to its members as they deal with today’s opportunities in post-acute care.

What Is Kairos?
Kairos Health Systems is the premier partner in the post-acute care space, providing breakthrough solutions to over 100 members in multiple states. Kairos works with leading health care providers to improve care performance, quality initiatives, market position and financial outcomes. It has contracts with all national payors and with leading payors in all states in which its members reside.

Kairos is now a wholly owned subsidiary of LeadingAge PA.

Is Your Organization Ready for Value-based Care?

Important questions to ask:

- Has your leadership developed a strategy to address value-based payment?
- Are you the preferred health provider for the hospitals in your market?
- Are you one of the lower cost providers at the highest quality of care?
- Can you manage the care needs of special populations?
- Are you managing your outcomes of importance to referring organizations (i.e., quality, readmissions, length of stay, patient and family satisfaction)?
- Do your clinical programs differentiate you from others in the market?

Whatever challenges your organization is facing, Kairos Health Systems has the tools, knowledge and expertise to ensure your success in a value-based payment environment.

Additional Fee Services:

Value-based Payment Consulting
Value-based payment services help improve population health management by enhancing quality of care and member satisfaction while reducing costs.

Education
Kairos members have access to tools, resources, conferences and educational sessions. CME credit is available. Sessions include coding, INTERACT and more.

Lean KickStart Program
Lean KickStart helps providers create a culture that improves quality, efficiency and customer satisfaction while increasing revenue and controlling costs.

Payer Contracting & Support
Kairos members are included in every possible payer network, receive the highest payment and benefit from enhanced efficiencies.

Member Support
Kairos helps improve operational accuracy and effectiveness to maximize reimbursement.

Data Analytics
Members have access to data reports that support value-based payment discussions, identify trends and reveal market standing and movement.

Group Purchasing
Kairos continually evaluates vendors’ ability to provide comprehensive products, services and programs to meet members’ value-based goals while providing significant savings.
