INNOVATIONS COMMITTEE

Call for Volunteers: Join the Innovations Committee Task Force!

LeadingAge PA has formed an Innovations Committee, and we are looking for *forward-thinking, innovative* individuals to help the committee's priorities come to fruition.

The first priority we will focus on through this task force is *educate*:

- > Foster an innovation mindset
- > Deliver practical training

Future priorities will include: network, research, repository, and advocacy.

Why Join?

Healthcare, and especially the practice of aging services, are dynamic, evolving, and changing faster than ever. Innovation is essential for sustainability. With your help, we will do what members have asked us to do: be catalysts, lead the way into the future, and support their efforts to evolve their practice and business.

What is the Commitment?

Monthly virtual calls and 1-2 in-person meetings, however, the taskforce is empowered to increase the cadence as the work dictates.

Join us in leading the way to what's ahead in aging services.
