

COVID-19 Safety Protocols

LeadingAge PA is committed to the health and safety of our participants and the people whom they serve. As such, we are implementing a number of measures to ensure our Fall Finance Conference is as safe as possible. All participants will be required to show proof of full vaccination against COVID-19 when they arrive on-site at the registration desk. For those who have a religious or medical reason why they cannot meet the vaccination requirement, a negative COVID-19 test result administered no more than 48 hours prior to arrival must be presented to staff at the registration desk. These are the only permitted exceptions to the vaccination requirement.

Masks are required, regardless of vaccination status

Attendees will be required to wear a mask at all times while at the conference, unless actively engaged in eating or drinking. Speakers will also be required to wear a face covering in the meeting room except when presenting their content and directly addressing the audience. Masks will be available at the registration desk for use.

Sanitization

Hand sanitizer will be available throughout the meeting space and hotel. It will also be provided upon request.

Social distancing

We will maximize options for physical distancing as much as possible throughout the event. Also, there are entrance/exit doors next to the meeting space that will allow attendees to bypass the lobby area and help to isolate the conference attendees from other groups and/or hotel guests.

Note: LeadingAge PA staff is also subject to these health and safety protocols, including the vaccination requirement. While LeadingAge PA is not legally able to require Wyndham Lancaster hotel staff to be vaccinated, the hotel has committed to requiring all staff servicing our event to wear masks.

Thank you for doing your part in helping keep the LeadingAge PA Fall Finance Conference a safe and comfortable experience for everyone. We look forward to seeing you!
